

**BOTH PAPER AND POSTER
PRESENTATIONS ON THE
SUB THEMES**

1. Human–Environment Interaction:
Changing Landscapes, Changing
Lives.
2. Urbanization, Environment and Quality
of Life.
3. Geo-Spatial Technologies for
Environmental and Social Analysis.
4. Geospatial Technology and Empirical
Approaches in Geography.
5. Land Use and Land Cover Dynamics:
Implications for People and Planet.
6. Sustainable Landscapes: Integrating
Ecology and Economy.
7. Land Use, Resource Management, and
Community Well-being.

LORETO COLLEGE

TERRAQUEST 2026

**WHERE MINDS
MEET THE WORLD**

Department of Geography

**In collaboration with Internal
Quality Assurance Cell,
Loreto College**

**ONE DAY
INTERNATIONAL SEMINAR**

**on
"Landscapes to Livelihoods:
Exploring
Environmental and Societal Dynamics"**

Date : January 16, 2026

VENUE : AUDITORIUM, LORETO COLLEGE

**ABOUT OUR
COLLEGE**

Our college, rooted in the legacy of our founder, Mary Ward, stands as a testament to her vision of education: "Women in time to come will do much." This powerful statement continues to inspire us as we strive to empower our students and foster their holistic development. In alignment with the National Education Policy (NEP), we recognize the importance of a transformative educational framework that emphasizes critical thinking, creativity, and inclusivity. The NEP encourages us to cultivate an environment where every student can flourish, embracing not only academic excellence but also life skills that prepare them for the challenges of the future.

Call for Papers and Posters

- Research papers and articles are invited from **Teachers, Educators, Academicians, Researchers, and Students of both UG and PG**. The paper must be an original work and should not have been previously presented at any seminar or conference, nor published in any journal. The accepted papers will be published in the e-proceedings with an ISBN.
- Poster presentations should be based on original work and include title, authors, objectives, methodology, results, and conclusions. Posters must be visually clear, within A1/A2 size, and presented on the day of the event.

Guidelines for paper submission

Research paper or article should not exceed 5000 words including abstract. Maintain 1.5 line spacing, use Times New Roman, font size 12, and follow the APA 7th edition style.

Papers should be sent to the following email id :

geography.loretocollege@gmail.com

Registration Link:

<https://forms.gle/oiWXs3tvwabSekTh7>

Important Dates:

- Submission of the Abstract : 31st December 2025
- Submission of Full Paper: 10th January 2025

Registration details and fee

Category	Faculty Members (₹)	UG/PG Students/Scholars (₹)
Registration + Presentation	800	400
Registration + Participation	500	300
Own College Students (Registration Fee)	—	150

OBJECTIVES OF SEMINAR

- To explore how evolving landscapes shape human livelihoods and influence socio-environmental interactions.
- To examine contemporary environmental challenges through multidisciplinary geographic perspectives.
- To highlight the role of geospatial technologies in analysing spatial patterns and supporting evidence-based decision-making.
- To promote discussions on sustainable land use, resource management, and community well-being.
- To encourage academic dialogue that connects ecological concerns with societal priorities for a resilient future.

ABOUT THE SEMINAR

The international seminar “Landscapes to Livelihoods: Exploring Environmental and Societal Dynamics” seeks to deepen our understanding of how natural environments and human communities continuously shape one another. Focusing on themes such as land use change, sustainable landscapes, geospatial technologies, and community well-being, the seminar brings together diverse perspectives from across the field of geography. It aims to stimulate meaningful dialogue on the ways environmental processes influence social outcomes and, in turn, how human interventions transform the physical world. By fostering interdisciplinary reflections and evidence-based discussions, the event aspires to enhance collective awareness and inspire responsible action towards a more balanced and resilient future.
